Professional Summary

Highly skilled and detail-oriented Full Stack Developer with 4+ years of experience in designing, developing, and maintaining scalable web applications. Proficient in both front-end and back-end technologies, including HTML, CSS, JavaScript, React, Node.js, Express, NestJS, and Jest. Adept at collaborating with cross-functional teams to deliver high-quality software solutions. Strong expertise in version control (Git, GitLab, GitHub), API testing (Postman, Swagger), and agile project management tools (Jira). Passionate about writing clean, efficient, and maintainable code.

Technical Skills

Front-End: HTML, CSS, JavaScript, React

Back-End: Node.js, Express, NestJS

Testing: Jest, Vitest

API Tools: Postman, Swagger

Version Control: Git, GitLab, GitHub

Project Management: Jira

Other: RESTful APIs, Agile/Scrum, CI/CD Pipelines

Professional Experience

Full-Stack Developer

Andersen

- Developed and maintained full-stack web applications using React for front-end and Node.js with Express and NestJS for back-end.
- Designed and implemented RESTful APIs, ensuring seamless integration between front-end and back-end systems.
- Wrote unit and integration tests using Jest and Vitest to ensure code reliability and maintainability.
- Collaborated with cross-functional teams using Jira to manage tasks and deliver projects on time.
- Utilized Git for version control and collaborated with team members via GitLab and GitHub.

Web & Data Management

Flat Rock Technology

- Utilized JavaScript to manage, transform, and validate data across various e-commerce platforms, ensuring consistency and accuracy.
- Streamlined web-based data processes by creating automation scripts for bulk data handling and updates.
- Collaborated with digital teams to maintain product information integrity, aligning with platform-specific data schemas and business rules.

Full-Stack Developer WordSensei

- Developed and maintained full-stack web applications using JavaScript and Deno, with Supabase as the backend platform, leveraging its serverless functions for scalable API development.
- Integrated OpenAI's API to power intelligent features within the application, enhancing user experience with AI-driven capabilities.
- Built and deployed a production-ready application with real users, ensuring performance, security, and maintainability across the stack.

Hobbies & Interests

- Enjoy playing table tennis to stay active and maintain a healthy work-life balance.
- Passionate about continuous learning and exploring new technologies in my free time.
